what have we been up to ...

Hey everyone, I'm Demi. I've been at Pickles & Co for 2 years now and have slowly but surely grown into my role as the salon manager!! I wanted to let you all in on what we've been up to recently ...

We have been very busy over the last few months. As well as creating beautiful hair for all of our clients, we have also been changing a few things in our salon . First on the list was a salon uplift ! A renovation started and me and the team are loving the new salon vibes! . My favourite addition to the salon has to be the drinks menu and treatment menu, So be sure to check them out and try one of our treatments 😉

Jade took the whole team to 670 grams. We all had plenty of good food and even more wine! It was a much needed treat and everyone loved it. The food was so good and It was really fun to do something different.

Getting back to work, Jade and I decided we needed to expand the team so we started looking for a new stylist to welcome into Pickles & Co! It didn't take too long to find Erin who later joined the team and quickly became a part of the pickles and co family.

We also decided it was time for Pickles & Co to get social and get on Tik tok. Thankfully Amy and Gavin took the lead on that one ! Definitely check out our Tik Tok if you haven't already... @picklesandcosalon, you won't be disappointed.

Cheery greeting at the door. An excellent complimentary hot chocolate and biscuits. Amy ticks all the boxes for what you would hope for in a hairdresser. Caring, sweet, attention to detail (anything less than what she considers perfect just will not do!) and she listens to what you want. Really listens. Also, she gives the best shampoo and conditioning massages. The quality of what she does is outstanding as well. I always get compliments after a colour and blow dry from Amy. An absolute angel!

The salon has a new owner and she's already breathed a breath of fresh air into the place. I can't wait to see the renovations at my next visit. New drinks menu is a nice touch.

I can't praise Demi highly enough. My hair always looks stunning, she is so kind and knowledgeable and has helped me learn how to care for my wavy/curly hair. Plus she's hilarious and always makes me laugh 💞
